JUN 15 2016

Mr. Steve Root, Laboratory Manager
St. Louis Testing Laboratories, Inc. (Lab #690)
2810 Clark Avenue
Saint Louis, MO 63103-2574

Dear Mr. Root:

Your response to the Missouri Department of Health's evaluation and recommendations made in their May 19, 2016 report of investigation of the bacteriological examination of your laboratory has been received and reviewed. Your response is adequate and St. Louis Testing Laboratories, Inc. of Saint Louis, Missouri, is approved under the provisions of the Missouri Public Drinking Water Regulations to perform bacteriological analyses for the following parameters:

Total Coliform

E. coli

Heterotrophic Plate Count

Enclosed is a certificate of approval and a certified parameter list for your laboratory. Please reference the certified parameter list for parameters, methods of analysis, and personnel that have been approved by the State of Missouri to complete bacteriological testing for public water supplies. Your certification will expire three years from the date of your original expiration date and is contingent upon no changes being made with the approved methods, analysts, or equipment. Please notify this office within 30 days of changes which occur in any of these specified areas before the June 15, 2019 expiration date.

Sincerely,

WATER PROTECTION PROGRAM
